*\*Why are the Sunright 35 and Sunright 50 being discontinued?*

As you know, we are regularly updating our product portfolio as part of our efforts to optimise our Nu Skin Catalogue. We're constantly taking steps to make sure our product portfolio is the best that it can be, optimising it for future growth that we can achieve together. To that end, we've made the decision to discontinue the Sunright 35 and Sunright 50 once the current stock is depleted, making space for future innovations and more exciting product launches.
