

EPOCH® BLEMISH TREATMENT

Every Epoch product takes you around the world to experience authentic beauty solutions inspired by ethnobotanical ingredients. \$0.25 from each Epoch purchase is donated to the Nu Skin Force for Good Foundation to improve the lives of children everywhere. All of our ethnobotanical ingredients come from renewable sources. And we strive to use packaging that's responsibly sourced, recycled, and/or recyclable by design.
Be Epoch—take care of yourself, others, and our planet.

MEET BLEMISH TREATMENT

Improve the appearance of blemishes more naturally with a unique blend of ethnobotanical Job's Tears, Yarrow, and Burdock that soothes and calms troubled skin. Featuring powerful pore-cleansing Salicylic Acid, Epoch Blemish Treatment is a great way to clear up your complexion and stand up to those occasional breakouts that can ruin anyone's day.

WHY YOU'LL LOVE IT

- Spot treatment to target and treat acne breakouts.
- Botanical extracts calm skin to improve its appearance.
- Safety-dermatologist tested.
- Features a tube that is proudly made from 100% responsibly sourced bioresin.
- Features a tube that is proudly made with 39% post-consumer resin (PCR).

WHAT POWERS IT

- **Job's Tears**—the root, rich in amino acids, was traditionally used in Asia to help soothe skin affected by acne blemishes.
- **Yarrow and Burdock**—traditionally used in North America to calm a variety of irritating skin conditions.
- **Salicylic Acid**—clinically proven to effectively treat acne blemishes.

HOW TO USE IT

Cleanse the skin thoroughly before applying. Cover the entire affected area with a thick layer up to three times daily. Because drying of the skin may occur, begin with one application daily, gradually increasing applications as needed. If dryness or peeling occurs, reduce application to once a day or every other day.

LEARN MORE ABOUT IT

What makes Job's Tears, Yarrow, and Burdock ethnobotanicals?

Ethnobotanicals are plants or herbs that are tied to a region and its people. Job's Tears falls into this group because of its traditional use in Asia, where the root was used to help soothe blemished skin and troubled complexions. Yarrow and Burdock, meanwhile, were traditionally used in North America for their skin-calming properties.

How often should I apply Epoch Blemish Treatment for best results?

Begin by applying Epoch Blemish Treatment to problem areas once a day. Then, gradually increase to up to three applications a day, if needed. If any dryness occurs, decrease frequency of application. Epoch Blemish Treatment can be applied on top of makeup in the middle of the day to help fight stubborn blemishes. Simply apply, let dry, and then touch up makeup.

How does Epoch Blemish Treatment differ from the Nu Skin Clear Action® System?

The Nu Skin Clear Action System is a set of products for use all over your face to fight the past, present, and future signs of breakouts. Epoch Blemish Treatment is an aggressive spot treatment to use on current blemishes.

EPOCH® BLEMISH TREATMENT

Can I use Epoch Blemish Treatment with Nu Skin Clear Action?

Yes, Epoch Blemish Treatment is an excellent companion to the Nu Skin Clear Action System.

If I use the Nu Skin Clear Action® System, when should I apply Epoch Blemish Treatment?

If using an acne system, Epoch Blemish Treatment should be applied after the day or night treatment.

Is Epoch Blemish Treatment only for use on the face?

No. Epoch Blemish Treatment is an effective way to fight all acne blemishes.

How does Epoch support Nu Skin's commitment to become more sustainable?

Epoch product bottles are made from 100% post-consumer resin (PCR), the packaging for the Eco Pac tubes is made from 100% responsibly sourced bioresin, the Blemish Treatment tube is made with 39% PCR, and the cartons are made from 100% recycled paper. Plus, all of our ethnobotanical ingredients come from renewable sources. Please check your local capabilities and recycle the bottles and cartons where possible. By purchasing Epoch, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us.
